Dear Friends,
How are you? I want to talk to you about climate change. It is happening all around us and is changing the world in many ways. Pollution from cars and factories is leading to global warming. Because of this, we are seeing more bad weather, like strong storms and floods. Ice in some places is melting, and this is leading to a rise in sea levels. Some islands are going under, and people there are losing their homes. We need to stop this. Let's try not to use plastic, save energy, and protect nature together. We can make a change for sure!

What can a ten-year-old girl do? Sing or watch TV at home? In fact, even a little girl can help people around the world.

Three years ago, Anita was only ten years old. Just like other girls, she studied, played video games, and had fun with her friends. However, things changed after she watched the news about some children in need on TV. "Why don't they have enough food to eat?" she cried and said. She felt so sad. Then, she had an idea. "Maybe I can work part-time and help them."

After that, Anita walked dogs for her uncle before she went to school. She did housework for her family after she finished her homework. On weekends, she washed the dogs for her classmates. One month later, she made 100 dollars. She also shared the news about the children on the Internet. Through the Internet, some nice people learned about the news and donated food and money to the children.

Now, Anita is a junior high school student. Her school life is busy, but she is still helping people. "Many people in the world need help, so I must try my best!" she said.

Good afternoon, everybody. Welcome to my YouTube channel. I'm Teresa Sheng. Today is a bright summer day. My friends and I are at Violet Beach now. We want to have a picnic here. Wow, there are a lot of people around here. Some are swimming in the cool water, and some are playing with balls on the sand. But... wait a second! There's a lot of trash around. Look at these plastic bottles on the ground. Who left them here? Dear Violet Beach, what happened to you? In fact, I'm in no mood for fun now. My friends and I need to change our plan. We want to help clean the beach. We're starting to pick up the trash along the beach. Is anyone here, too? Just come and join us! And please take your trash with you when you leave. We only have one Earth.

Well, I don't have time to chat now. Thank you for watching my video. Do you enjoy my channel? Please visit it often and feel free to send me messages anytime. Have a nice weekend!

◆ 九、閱讀測驗：12 分（每題 3 分）

Dear Odin, Fri., Mar. 21

Thanks for treating me to dinner at FoodSupply yesterday. I enjoyed the delicious dishes, and I also loved the birthday gift from you. However, I was very upset because of your terrible habit. During our date, you kept checking messages on Instagram. We fought about that many times before. Last month, you missed our date because you stayed up all night playing online games and overslept the next morning. Last week, you forgot our date because you were watching videos on YouTube. As a smartphone addict, you really spend too much time on the Internet.

In my eyes, you love your smartphone more than you love me. I hate to write you a Dear John letter, but sadly, I still need to say "goodbye, my love" to you.

Take care,
Sarah
